Deepyada03788@gmail.com

Objective

Aspiring and motivated web developer with proficiency in HTML, CSS, JavaScript, PHP, Bootstrap, and jQuery, seeking an entry-level position to leverage my skills in building responsive and dynamic websites while contributing to innovative projects and continuing my professional growth.

Projects

Login Page Development

- **Technologies Used:** HTML, CSS, PHP, JavaScript
- **Description:** Created a secure login page with client-side validation using JavaScript and server-side authentication with PHP. Emphasized on creating a user-friendly interface and ensuring security best practices.

E-commerce Website

- **Technologies Used:** HTML, CSS, JavaScript, Bootstrap, PHP, MySQL
- **Description:** Developed an e-commerce website with functionalities such as product listing, shopping cart, and order management. Integrated a MySQL database for storing product and user data, and used PHP for backend processing.

Foody Website

- **Technologies Used:** HTML, CSS, JavaScript, Bootstrap
- **Description:** Designed a website for a food delivery service, featuring a menu, order form, and responsive design. Used Bootstrap for layout and styling to ensure a consistent user experience across devices.
